

October 6, 2009

Mr. Randy Brown
Devil's Millhopper Geological Site
4732 NW 53rd Avenue
Gainesville, FL 32606

Dear Mr. Brown:

The Center for Precollegiate Education and Training (CPET) will host the 47th Annual Junior Science, Engineering, and Humanities Symposium (JSEHS) January 24th through 26th 2010. High school science students and their teachers will take part in the three-day academic meeting on the University of Florida (UF) campus.

On Sunday, January 24th, we would like to give interested participants an opportunity to visit Devil's Millhopper State Geological Site. Students and teachers will visit the park between 11:00 AM and 5:00 PM. Since we are an educational group, we are requesting that you waive the admission charge for the group(s). There may be three or four groups, each with five-to-twenty participants.

Thank you for allowing us to visit this Florida resource again this year. If you have any questions, please contact me at 392-2310, or by email at cpet@cpet.ufl.edu.

Sincerely,

Deborah Paulin
Director
Florida Junior Science, Engineering and Humanities Symposium
