

## Explorations in Biomedical Research

Q1.1 Thank you for your interest in the UF CPET Explorations in Biomedical Research program! We look forward to receiving your application packet. You can return to this form and continue working from the same computer. However, we suggest you compose your essay in a word processing software and paste it into the text box. This will allow you ample time to compose a complete response and edit as necessary. Applications are due March 17, 2017. Applications received after this date will continue to be reviewed until all program spots are filled. Interested applicants are encouraged to submit their complete application packet as soon as possible. A complete application packet consists of this application and essay, two teacher endorsement forms from science and/or math teachers, and a copy of the applicant's first semester report card/transcript with cumulative GPA. Teacher endorsements should be submitted directly to the program by email or fax or in a sealed and signed envelope via postal mail, although emailed endorsements are preferred. Q2.1 Your personal essay allows us to know you as an individual, independent of grades and coursework. Your essay is a reflection of your thoughts and feelings, and as such, written exclusively by you. Your acknowledgement at the bottom of this application certifies that the words written for the essay are your own.

Q2.2 Please compose a typed essay, one page max, based on the following prompt: briefly describe a breakthrough in medicine or medical technology that has significantly impacted your life.

Q2.5 Please upload the applicant's first semester report card/transcript with cumulative GPA. If your social security number is on the document, please mark through it completely so it is not visible. Please do not email or submit through this electronic application any materials which contain a visible social security number. If you are unable to do so, you may mail or fax it separately.

Q2.6 By checking the box, you confirm that all information submitted on this form is accurate and all words written for the essays are the applicant's own.

I certify that the above is true. (1)
